

Penn State York

ArcelorMittal

Please join us for an informational meeting concerning the Steel Worker For The Future program.

This is open to High School students and their parents.

What: SWFTF Program Presentation

Where: Romano Room #5

When: 5:00p.m. on Wednesday, 26 February 2014

Students can pursue an Associate's degree in Electrical Engineering Technology or an Associate's degree in Mechanical Engineering Technology, all at the York campus, and be employed as a paid intern during the summer break.

After graduation you will continue your internship and then could become fully employed in a very well-paying job.
